

Teaching Evaluations Summary — Marcus Tobias Reyes

EPI 510: Applied Machine Learning for Public Health — Emory University, Fall 2024

Overall instructor rating: **4.7 / 5.0** (n = 34)

Selected Student Comments

“Professor Reyes has a remarkable ability to make complex topics feel approachable. The case-study format kept me engaged every week.”

“Best course I have taken in the MPH program. The AI use policy was thoughtful and actually made me think more carefully about when and why I was using these tools.”

“Challenging but fair. Office hours were always productive and he clearly cares about whether students actually understand the material.”

Quantitative Summary

Course organization: 4.8 | Clarity of explanation: 4.6 | Availability: 4.9 | Overall learning: 4.7

EPI 301: Biostatistics I — Emory University, Spring 2024

Overall instructor rating: **4.5 / 5.0** (n = 51)

“He connects every technique to a real example, which makes it much easier to remember when to use what.”

“Very responsive and genuinely wants students to succeed. Would take another course with him without hesitation.”
